Medicines.
The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DISCOVERY!
Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and exulting in its stead a healthful activity thro' all the functions of life.
HOW IT WAS DISCOVERED.
In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cancerum Oculi (Cancer of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Heptic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—a death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, possibly, the pains of the little sufferer. She was made to use it freely and in a short time, to his most delightful astonishment, she was a very perceptible change for the better.—The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.
Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the joys of health and the endearments of friends. The young and old have testified their saving powers and sung aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe it to more than words we can express."
But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Great Discovery of this or any other age.
J. M. LINDSEY,
Hollidaysburg, Blair county, Pa.

CERTIFICATES.
Pattonville, Bedford co., Pa., Oct. 14, '57.
Mr. J. M. Lindsey,
Dear Sir:—I was severely afflicted with rheumatism for a whole year—some months of which I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles, I was able to walk around as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is almost a cure in all cases.
Yours, truly,
JOHN SHAFER.

A DESPERATE CASE OF TETTER AND BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, some time in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetters and Barber's Itch.—My condition was one of the greatest misery, my face was almost constantly itching with the corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for two or three months, without the least benefit, I was induced to make a trial of the Blood Searcher, and the result was that in many days I was cured. I found a perfect cure. I may also say that I eagerly tried whatever was recommended to me. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but to no purpose—the Blood Searcher was the first and only thing that did me good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetters, or any other disease arising from an impure state of the blood. JOHN BELMONT, Hollidaysburg, Pa., July 29, 1857.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most severely afflicted with what the physician pronounced as scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes beyond the power of opening them until they were washed out and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and commenced a discharge, which was found impossible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sickening in a single night's time. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of blood it is beyond all price.
DANIEL BOLLINGER,
Hollidaysburg, Pa., July 29, 1857.

DR. J. M. LINDSEY, Hollidaysburg, Pa., 1857.
Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues I have been, for a number of years, severely troubled with erysipelas and general debility; I put some of your medicine under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so "fat and hearty" and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this is one of the most valuable medicines that women can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age.) I feel that it would have been above my gratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement.
Yours, respectfully,
MARGARET W. O'DONNELL

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER.
Blair county, Pa.—Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who being duly sworn according to law, doth depose and say—Ewo years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physicians done me no good. Some time last fall I commenced taking Lindsey's Improved Blood Searcher, and by the

Medicines.

use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver disease, general debility, loss of appetite, and other diseases arising from impurity of the blood.—I would not like to do without it. I consider it an excellent family medicine.
GEORGE KOPP,
Sworn and subscribed this 16th day of March, A. D. 1857, before me
Notary Public.
Note—Mr. Kopp is a resident of Frankfort, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A DESPERATE CASE OF AGUE AND DYSPEPSIA entirely cured by the use of Lindsey's Improved Blood Searcher.
Blair county, Pa.—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, being duly sworn according to law, doth depose and say that, in the spring of 1855, I was afflicted with that worst of diseases—Dyspepsia, and in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately heave it, and cast it from the Ague; such attacks lasting about nine months out of the twelve, so that, with the Ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die; my physicians could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with little confidence, but in one week's time, my great was its restorative powers—I found my appetite to return, my stomach received a new lease of life, and I was enabled to eat and digest my food without the least inconvenience, and before the week was over I was as strong as a horse; and, in fact, I was troubled with Ague or dyspepsia since, I have a better state of health than I had before for six years before; I am strong and hearty, and I feel confident that, under the blessing of God, I will never be afflicted with the Ague again. I believe it not to be only a cure, but a permanent and infallible preventative, and, in fact, I would recommend it to all whose business, health or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where Mr. Lindsey's Blood Searcher is properly used. I feel it my duty to point all who suffer, to this all-healing medicine.
(Signed) JOHN MORAN,
Sworn and subscribed this 18th day of March, A. D. 1857. JOHN COX, J. P.

BEATTY'S ARABIAN HORSE OINTMENT is warranted to cure in every instance, if used according to directions, Ringbone, Spavin, and Splints, or any other ailment of the horse, if it does not "cure all," to which man and beast are alike, but will most assuredly cure the shoe and remove all blisters resulting, such as lumps, calluses, &c. It accomplishes its cure by penetrating the pores and converting the curd matter into a soft mass, and is tried and discharged through the skin without removing the hair.
